Water Reconnection Waiver/Release Form

I, _____, a customer of Cape Fear Public Utility Authority, (Authority), in consideration for officials of the Authority restoring my water service without requiring me to be present, do hereby release and relinquish any claim for liability against the Authority for damage to any personal or real property as a result of this process. I further acknowledge that staff has instructed me to ensure that all water sources are turned off and not running, to avoid any damage to the premises.

However, I further acknowledge that if Authority personnel determine that water is flowing at the premises, Authority personnel will turn off the water, and I will be required to call the Customer Service Department to schedule another reconnection appointment and pay a premise visit fee of \$55. I also acknowledge if I make a request for reconnection after business hours it may result in an additional fee of \$110.
