

The Value of Water

2024 Calendar
K-5th Grade
Edition

An Nguyen
3rd Grade
Anderson Elementary School

What Does Water Mean to You?

We asked K-12 students in New Hanover County to answer this question through CFPUA's second annual **Value of Water Art Contest**.

Thank you to all of our participants for sharing their amazing artworks!

For information about future contests, email us at Communications@CFPUA.org.

Dalia Adley Pricope Pennell
3rd Grade
Bradley Creek Elementary School

"Art that's also an automaton: combines engineering with art and a built creation. I'm thankful for the ocean and water because we need water to live and we use it in many different ways. I need water to play sports and to swim in my pool. If I didn't have water, I could get sick and many other things."

Mira Hu

5th Grade

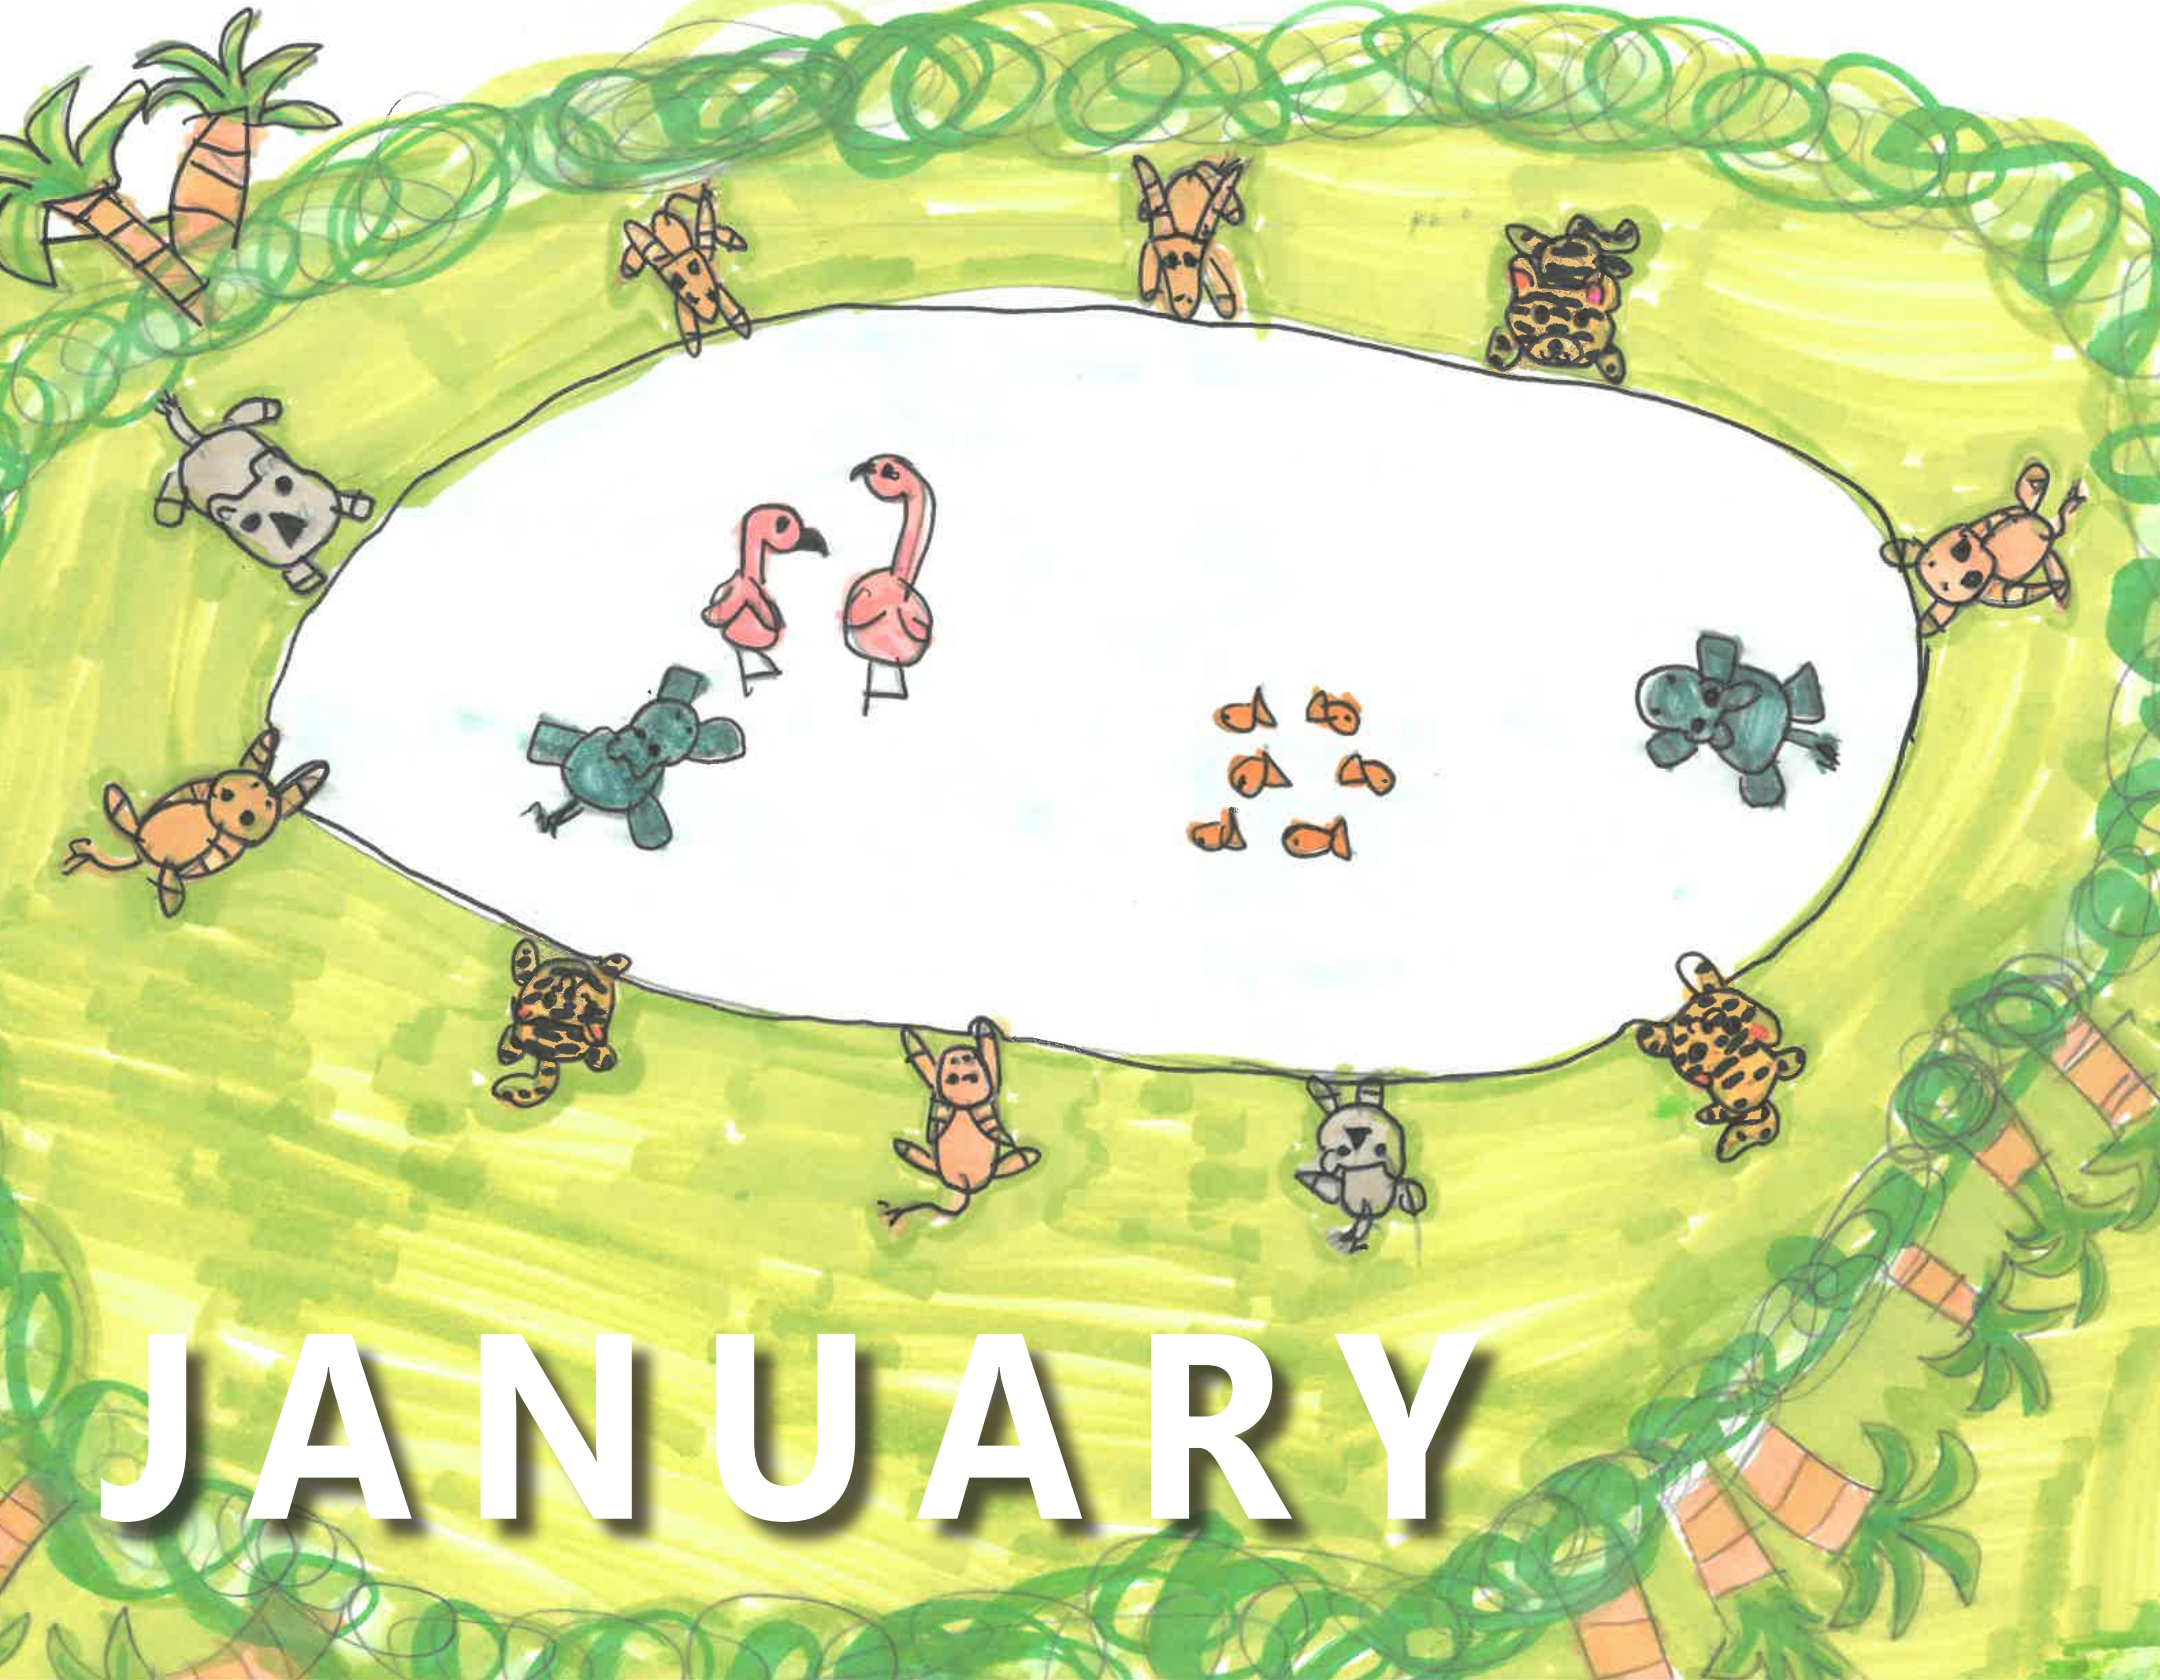

**Wilmington Academy of Arts
and Sciences**

"Ocean in a Cup: I imagine that the ocean is as fragile as a cup. So much life in so many animals. The rainbow water represents a lovely diversity of animals, and the sunset is there because of the awesome feeling I get watching the ocean with a sunset."

**Cape Fear Public Utility Authority
(CFPUA) is the primary water and
sewer services provider for
Wilmington and New Hanover
County, North Carolina, serving
more than 200,000 people daily.**

Sciences

*"Watering Hole: I drew a watering hole with
tons of different animals around it drinking
water. The predators are not hunting their prey
because they're not here for food, they're there
for water because of the hot summer day."*
